- Presentation by Mr. W. Wolter (DB Systemtechnik) on the results of the EU project "Safetram" on crashworthiness of Light Rail Vehicles
- Summary of the working groups including feedback from all experts
- Conclusions from LibeRTiN by the consortium

## **General information:**

As with the previous LibeRTiN sessions, it is the consortiums wish to provide an efficient as well as economical workshop. Therefore we would ask all experts to consider the following points:

- Travel expenses can only be reimbursed if **previously approved by TTK**
- Please book your flights as early as possible after confirmation by TTK to ensure cheap airfares (no first or business class tickets).
- Hotel accommodation, as usual, will be booked by TTK
- A maximum of three nights will be covered by LibeRTiN if you were to arrive on Saturday to reduce travel costs
- To receive reimbursement for your travel expenses, please provide TTK with **original** travel documents (e.g. train tickets, passenger receipts of airline tickets, etc.) before 15.08.2004. After this date we will not be able to reimburse anymore!
- If appropriate, provide your **IBAN and BIC/SWIFT** code banking information.
